COLLEGE TEST PREPARATION COURSE COMMITMENT

Parents and students need to commit to students' attendance, course responsibilities, and behavior requirements outlined below. The Child and Elder Care Plan pays for each student that attends the course. The expenditure of these benefit dollars must conform to the purpose of the Plan: to assist Local 2 members with their family responsibilities, in this case preparing students for college.

Parents will be called if students absent without permission. If students are absent frequently, do not complete homework assignments, or are inattentive in class, the purpose of attending the course – to do well on the official test – will not be achieved.

Class Behavior

- Cell phones off.
- All other electronic devices off.
- Sit up, pay attention.
- Participate in class discussion.

Course Homework

- All homework assignments must be completed on time.
- Students should expect to spend approximately **four** hours a week on assignments.

Class Attendance

- Students are expected to attend every class and practice test date.
- If students miss a class, and are excused, they are responsible for all related make up work.
- To get an absence excused, students must bring a note signed by a parent regarding the specific absence.

I can commit to the course expectations for the College Test Preparation Course sponsored by the Local 2 / Hospitality Industry Child and Elder Care Plan.

Course Selection: _____ SAT _____ ACT
